

Otto Bock®

QUALITY FOR LIFE

C-Leg® Protector

Protect Your Investment

The C-Leg Protector helps shield the C-Leg and Compact from scratches and dents while guarding against environmental hazards such as dust and humidity.

The skid-resistant surface makes kneeling more secure and is very easy to clean. The Protector also helps create a more natural appearance by filling out the patient's pant leg. Although it is fit by a Prosthetist, it is easily donned and doffed by the patient. Available colors are metallic graphite and blue.

To protect your investment, call your Otto Bock Sales Representative at 800.328.4058 (U.S.) or 800.665.3327 (Canada). You can find us online at www.ottobockus.com or www.ottobock.ca.
